Sir:

**INTERVIEW SUMMARY**

A telephonic interview was held on September 13, 2007 with Examiner Do, during which time the undersigned and the Examiner discussed issues with illustrations in the Specification. The undersigned instructed the Examiner that the proper vehicle to address these issues was through an Ex parte Quayle Action.

It is respectfully submitted that the telephonic interview was properly summarized by the Examiner, and thus, the Examiner's actions of requiring an additional Interview Summary from the Applicant was unnecessary, arbitrary, and improper.

Respectfully submitted,
